TOPIARY HOUSE

Section 3 Price Listing for Ornamental and Mushroom Shape Topiary

The Price List has been made up of many suppliers who each depend on availability in terms of what they have stocked and are able to supply for the term of their season.

It has always been our ambition to offer our customers a truly comprehensive range of all sizes with our speciality in Topiary Plants and Ornamental Structures.

We will from time to time delete and apply additions of stock items via our newsletter to you.

This gives a wide spread representation and choice of species of Topiary Plants in different sizes which we have allocated according to species, displaying the sizes, according to Height and Diameter, as well as Price, in an ascending order.

In some cases we have displayed a variation of Price for a particular Topiary Plant of the same species, same height or diameter from a different supplier giving you a choice of Price difference.

The Price lists that we receive are articulately extracted into one Price List that we as a Pilot Franchisor supply our Pilot Franchisees and Pilot Distributors and for the Retail Sectors.

The Prices are selected carefully extracting the best price for our clients sourced from 10 Suppliers and is ongoing.

You will find comparative prices for the same size from which you can make your choice.

This One Price List covers a large portfolio of Varieties of Topiary Plants and is set out alphabetically within the Category of Shape e.g. Balls, Cones etc.

Within the Shape Category we have listed the Variety in Height/ Diameter in an ascending order which assists in determining your size and Price requirements.

These Price Lists are reviewed once a year and it must be understood that each supplier carries different varieties of stock, sizes, species, heights, literage, etc. and have persevered to provide a wide spectrum of species of plants.

The stock is sourced from reputable blue chip suppliers who have been in business for many years that give good quality and delivery service.
